ENVIRONMENTAL POLICY

One Way recognises that its activities impact upon the environment through its routine internal operations, its infrastructure and through its influence and effects on the wider community. It acknowledges a responsibility for and a commitment to, protection of the environment at all levels. One Way will comply fully with environmental legislation and is in addition committed to continued efforts to:

- Promote environmental management policies and practices at every level throughout the organisation;
- Meet all relevant legislation, regulations, government guidance and industry codes of practice on environment issues.
- Increase awareness of environmental responsibilities among staff and Members; and ensure that all our staff have a good understanding of the environmental impacts of our business and what they are expected to do to minimise these impacts.
- Minimise waste and pollution and develop and operate environmentally sound waste management procedures;
- Continue to encourage and facilitate modes of transport by staff and Members which minimise environmental impact;
- Reduce water and energy consumption;
- Promote a purchasing policy which will give preference, as far as practicable, to those products and services which cause the least harm to the environment;
- Avoid wherever practical the use of environmentally damaging substances, materials and processes; and
- Encourage Member organisations to adopt environmentally sensitive policies with regard to all aspects of their businesses.
- Keep sites clean, tidy and control noise, dust fume and other pollutants and statutory nuisance to ensure minimum disturbance and disruption to clients and neighbours
- Ensure the management of waste that we generate in particular, office waste. These will be properly disposed of through a specialist waste management supplier.
- Ensure that our suppliers are aware of this policy and encourage them to apply similar environmental standards to their own work.

Targets for 2019-2020

- For all offices to be more energy efficient, we will aim to do this by ensuring we are using energy saving light bulbs, making sure all computers are switched off at the end of the day.
- Aim for all offices to reduce their plastic use and ensure all offices have recycling facilities
